636	INSTITUT	INSTYPE	INDIV	Individual	Individual (e.g. farmer)
637	INSTITUT	INSTYPE	REGION	Regional organization	-

Legend:

(gray cell)	Already existing field/entry
(yellow cell)	New field/entry to be added
(gold cell)	Replace existing entry with this new code

Notes:

INSTITUT: Data on an "institution", in a generalized sense of any organization, department, farm or private residence, occupying a location that can be identified with an address.
Always associated with one LOCID.
A preferred or default address is included within the institution record; any number other temporary or alternative addresses can be documented in Address????????????????? Simplifies the management of normal addresses, but not good to have addresses in two tables.
